A Message from the Campus Operations Coordinator:

Dear Sattler Community,

It is my privilege to serve the students, staff, and constituency of Sattler College in furthering the institution’s mission. The city of Boston offers unparalleled opportunities to learn and serve. Serving Jesus’ peaceful revolution means preparing students to be peacemakers in a dangerous world – the Clery Report is an extension of that preparation. In this report you will find important information about the College, including:

- Crime statistics
- Emergency and crime reporting procedures
- Missing persons policies and procedures
- Access to campus facilities
- Drug and alcohol policies
- Sexual assault policies and reporting procedures
- Crime prevention programs

The information provided in this report is designed to inform the Sattler community and to ensure that its members are aware of the safety issues that affect our urban campus.

Your safety and well-being are our top priorities; they require collaborative efforts. Sattler College works with local law enforcement to receive the records and statistics found in this report. You must also be part of this collaboration. You can help us by taking steps to protect yourself and your property, and by reporting suspicious activities and crimes you may observe. Together, we will provide a safe and secure campus environment. Thank you for your support and for taking the time to read this report. As always, we welcome your comments or suggestions.

Dylan Heidrich,
Campus Operations Coordinator
THE CLERY ACT

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the “Clery Act”) mandates that colleges and universities:

● Publish an annual security report by October 1st that includes the past three years of campus crime statistics, campus security policies and procedures, and information regarding programs available to educate the college community on safety and crime prevention.

● Report statistics for crimes that occur on campus, in non-campus buildings or property, and on public property that is within the campus or immediately adjacent to and accessible from the campus.

● Provide timely warning notices of Clery crimes that are considered to represent a threat to students and employees.

● Establish and implement emergency notification procedures in the event of emergencies occurring on campus that pose an immediate threat to the health or safety of students or employees.

● Establish policies and procedures relating to campus security.

PREPARATION OF ANNUAL CRIME STATISTICS

Sattler College prepares the Annual Security Report and discloses the annual crime statistics to comply with the Clery Act. The crime, arrest, and disciplinary referral statistics on campus, in non-campus buildings or property, or on public property include those reported to Sattler security authorities, and/or local law enforcement. The Campus Operations Coordinator obtains information from local law enforcement regarding the occurrence of crimes on public property within the campus or immediately adjacent to, and accessible from the campus. The collected statistics are compiled in accordance with the Clery Act. On or before October 1st each year, the Campus Operations Coordinator sends an email notification containing the web address to access the Annual Security Report to all employees and enrolled students. All interested parties may access this report online or obtain a copy from the Operations Office, located at 100 Cambridge Street, Suite 1701, Boston, MA.

EMERGENCY, CRIME REPORTING, AND RESPONSE

Reporting Criminal Activity or other Emergencies Occurring on Campus

Sattler College does not have a security department. Therefore, students, faculty, staff, and visitors who are victims of, observe, or have knowledge of any ongoing criminal act, emergency, or public safety incident should immediately contact 911 and notify the authorities of the situation. After doing so, they should contact one of the following:

• Campus Operations Coordinator: Dylan Heidrich – 617-658-4490

• Co-Directors of Student Life
  • Kristi Mast – 620-899-0022
  • David Glick – 707-201-5156
A person who is the victim of, observes, or has knowledge of a criminal act or public safety incident that does not represent an ongoing emergency may report this activity directly to a Sattler College security liaison (at the numbers listed above). The College will assist the reporting party with contacting local law enforcement if the reporting party wishes and will provide the reporting party with contact information for local law enforcement. The college does allow for voluntary, confidential reporting of crimes, except for such crimes as require disclosure of the reporter’s identity by law.

Pastoral and Professional Counselors

When acting in their official capacity, pastoral and professional counselors are not required to report crimes for inclusion in the annual disclosure of crime statistics under 20 U.S.C. Section 1092(f). A pastoral counselor is a person who is associated with a religious order or denomination, recognized by that religious order, or denomination as someone who provides confidential counseling, and functions within the scope of that recognition as a pastoral counselor. A professional counselor is a person whose official responsibilities include providing mental health counseling to members of the Sattler community and who functions within the scope of his or her license or certification.

Timely Warnings

Sattler College will issue a campus-wide “timely warning” or crime alert for any Clery Act crime that occurs in the Sattler College Clery geography, that, in the judgment of the Campus Operations Coordinator, constitutes a serious or continuing threat to students and employees. Sattler College will also issue a crime alert for other crimes that occur on or off campus that constitute a serious or continuing threat to students and employees. Depending on the circumstances of the crime, the College will utilize some or all of the following methods to communicate the warning: the College emergency messaging system (Populi), which allows the College to send notifications through text messaging, email, voice message/voicemail, RSS, social media, or any combination of the above. The College may also use postings in lobbies of campus buildings and other college buildings, and/or on-campus televisions to communicate emergency notifications and alerts. The President and Campus Operations Coordinator will assist with determining the method(s) of communications to be used. We urge anyone with information warranting a timely warning to report the circumstances to Campus Operations Coordinator by telephone 617-658-4490, or in person.

Timely warnings shall be provided to students and employees in a manner that is timely, that withholds as confidential the names and other identifying information of victims, and that will aid in the prevention of similar occurrences.
Emergency Notification Procedures

In the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the Sattler College campus, the College will issue an emergency notification and activate its emergency notification procedures. The college uses Populi, which allows it to send emergency notifications through email, voicemail, text messaging, social media, or any combination of the above. In addition, the College may use on-campus televisions to communicate emergency notifications. The College makes its Emergency Action Plan available to all employees. In addition, floor evacuation diagrams showing evacuation routes are posted on each floor of all campus facilities.

Procedures for Significant Emergencies or Dangerous Situations notification

Once a significant emergency or dangerous situation is confirmed as described above, the Campus Operations Coordinator in collaboration with the President (or his designee) will determine the appropriate segment or segments of the community to receive a notification, depending on the nature and extent of the threat or danger. Without delay and taking into account the safety of the community, determine the content of the emergency notification and initiate the notification system, unless issuing a notification will, in the professional judgment, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Such reports shall be provided to students and employees in a manner that is timely, that withholds as confidential the names and other identifying information of victims, and that will aid in the prevention of similar occurrences.

Disseminating Emergency Information to the Larger Community

The Campus Operations Coordinator, with consultation from the Presidential Cabinet, is responsible for communicating with the larger community, including both internal and external constituencies. The Campus Operations Coordinator will provide ongoing communication with media, trustees, all employees, students, alumni, parents, and the public. The Campus Operations Coordinator may communicate through various channels, including campus-wide emails, press releases, press conferences, or social media.

CAMPUS SECURITY PROCEDURES AND PRACTICES

Sattler College requires all students, faculty, and staff to read and sign the student and faculty handbook, respectively, which outlines security procedures and practices.
ACCESS TO CAMPUS FACILITIES

Sattler College issues keycards to all members of its community which allow access to the campus building, both at the front desk, manned by 100 Cambridge St.’s security team, and at the entry doors to the school’s campus on the 17th floor. The Operations Office monitors access to the campus as well, through a manned front desk at the front doors of the campus. The Sattler College campus is not open to the general public unless there is a function or other event on campus that is open to the public. The college does not have any campus residences. All employees and students are required to carry their Sattler College issued photo ID card at all times for the purposes of maintaining security and gaining access to the campus.

The campus’ facilities are maintained by 100 Cambridge St., who are responsible for the upkeep of the campus’ lighting and emergency notification system.

CRIME PREVENTION PROGRAMS

Sattler College does not provide any programs related to Crime Prevention education.

MONITORING CRIMINAL ACTIVITY AT NONCAMPUS LOCATIONS

Sattler College does not have any student organizations with non-campus locations.

ALCOHOL AND DRUG POLICIES

Alcohol and Drug Policy for College

Sattler College is dedicated to the academic, professional, social, cultural, spiritual, and intellectual development of its community and is committed to educational and discipleship programs that promote such development. Personal and communal responsibility regarding the College’s Alcohol and Drug Policy is essential in ensuring that Sattler’s environment is conducive to student learning and development.

General Provisions

Sattler College requires that all faculty, students, staff, and guests comply with all federal and state laws and city ordinances regarding the possession, use, and sale of alcoholic beverages, including those prohibiting drinking by individuals under 21 years of age and forbidding the falsification of age and identification cards.

Sattler College requires that all faculty, students, staff, and guests comply with all federal and state laws, and city ordinances regarding the possession, use, and sale of illicit drugs and drug paraphernalia.
It is the responsibility of all members of the College community to be familiar with and to comply with applicable laws.

Student Alcohol Policy

Sattler College and all College-related functions, events or programs, wherever they may be held, will be alcohol-free. The use, sale, transfer, or possession of alcoholic beverages in any campus building or property controlled by the College (including leased residential properties) by any faculty, students, staff, or guest, regardless of age, is prohibited. Intoxication of person or being in the presence of alcoholic beverages in any campus building or property controlled by the College (including leased residential properties) by any faculty, students, staff, or guest, regardless of age, is prohibited. No alcoholic beverage containers (empty, full, or decorative), including, but not limited to, shot glasses, drinking game devices, or other items affiliated with the consumption or possession of alcohol are allowed in any campus building or property controlled by the College (including leased residential properties), regardless of the owner’s age.

Substance Abuse Education

Using illicit drugs and abusing alcohol have serious health consequences. Some possible effects of illicit drug and alcohol use can include withdrawal, impaired memory, organ damage, depression, and many other psychological and physiological effects. An overview of some of the effects can be found on the Department of Justice Web site at: http://www.justice.gov/dea/druginfo/factsheets.shtml

Sattler College provides help to students and employees dealing with drug and/or alcohol abuse, as well as referrals to outside agencies and programs.

Drug-
-free Schools & Communities Act - Student Notification

The College prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by employees and students. The College complies with all local, state, and federal regulations pertaining to alcohol and illicit drugs. In addition, the College complies with the regulations of both the Drug-Free Work Place Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989.

Standards of Conduct

The College prohibits the possession, use, or distribution of illicit drugs, and the possession, use, or distribution of alcohol on College property or as any part of a College-sponsored activity.
Federal, State, and Local Legal Sanctions Governing the Unlawful Possession or Distribution of Illicit Drugs or Alcohol

Local, state, and federal laws make illegal use of drugs and alcohol serious crimes. Conviction can lead to imprisonment, fines, and assigned community service. Courts do not lift prison sentences in order for convicted persons to attend college. A felony conviction for such an offense can prevent students from entering many fields of employment or professions.

The minimum age for the possession, sale or purchase of alcoholic beverages in Massachusetts is 21 years of age. All state laws apply at Sattler College. Cities and towns in Massachusetts, specifically Boston, prohibit public consumption of alcohol and impose fines for violation. Massachusetts has criminal penalties for the use of controlled substances or drugs, with penalties varying with the type of drug. In general, narcotic, addictive, and drugs with potential for abuse carry heavier penalties. Driving while intoxicated in Massachusetts is a serious offense and there are strict penalties for those convicted, including driver’s license suspension and imprisonment.

Possession of drugs is illegal without valid authorization. Under federal law, distribution of drugs to persons under age 21 is punishable by twice the normal penalty; with a mandatory one year in prison and a third conviction is punishable by mandatory life imprisonment.

These penalties apply to distribution of drugs in or within 1,000 feet of a college or school. Federal law sets greatly heightened prison sentences for the manufacture and distribution of drugs, if death or serious injury results from the use of the substance. While penalties for possession are generally not as great as for the manufacturing and distribution of drugs, possession of a relatively large quantity may be considered distribution. Under both state and federal laws, penalties for possession, manufacture, and distribution are much greater for second and subsequent convictions. Many laws dictate mandatory prison terms and the full minimum term must be served. Massachusetts makes it illegal to be in a place where heroin is kept and to be in the company of a person known to possess heroin. Anyone in the presence of heroin at a private party risks a serious drug conviction. Sale and possession of drug paraphernalia is illegal in Massachusetts. Persons convicted of drug possession under state or federal law are ineligible for federal student grants and loans for up to one year after the first conviction, and five years after the second; the penalty for distributing drugs is loss of benefits for five years after the first, 10 years after the second, and permanently after the third conviction.

Students should review the following state laws regarding alcohol and other drugs which are available on the Massachusetts General Court website:

Drugs of Abuse
The term “drugs” broadly includes, without limitation, any stimulant, intoxicant (other than alcohol), nervous system depressant, hallucinogen, or other chemical substance, compound or combination when used to induce an altered state, including any otherwise lawfully available product used for any purpose other than its intended use (i.e., the misuse of prescription drugs, over the counter drugs, or household products).

The College takes the use of illicit drugs, misuse and abuse of prescription drugs, and possession and distribution of drugs very seriously and will respond accordingly.

DISCLOSURE OF DISCIPLINARY HEARING RESULTS

the institution will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

POLICIES & PROCEDURES REGARDING SEXUAL MISCONDUCT, RELATIONSHIP VIOLENCE, AND STALKING

Introduction

Sattler College believes that Scripture's command to "love your neighbor as yourself" should govern all interpersonal interactions. In conformity to the teaching of Scripture, Sattler College affirms that all human beings bear the image of God (Gen. 1:26); that in Christ there is neither Jew nor Greek, male nor female, bond nor free (Gal. 3:28); and that God in Christ is calling unto himself people from every nation, kindred, people, and tongue (Rev. 7:9). Sattler further affirms that all Christians and Christian institutions are to be subject to governmental authority (Rom. 13:1), unless those authorities demand acts or omissions that would cause them to violate the clear commands of Scripture (Acts 5:29).

Therefore:

- Sattler will comply with all local, state, and federal laws and regulations regarding equal opportunity, harassment, and non-discrimination, to the extent it can in obedience to the Lord.
- Everyone at Sattler deserves and will be afforded equal respect, dignity, and opportunities.
- Sattler will make available educational and employment opportunities to people from every race, ethnicity, and nationality.
- Sattler will educate the whole person, regardless of any physical or other handicaps that person may have.
Sattler expects all faculty, staff and students to exemplify these biblical principles in their interactions with others.
Sattler has implemented this Discrimination and Harassment Policy to guide it in implementing these biblical principles in its operations.

Notice of Non-Discrimination

Sattler College vigorously rejects all forms of discrimination, harassment and disrespect, especially to groups and individuals that have historically been vulnerable to discrimination. The College strives to foster a respectful, welcoming environment for all students, faculty, and staff. Moreover, Sattler College believes that diversity among its student body, faculty, and staff makes an invaluable contribution to a student's education.

Thus it is the policy of Sattler College--while reserving its lawful rights where appropriate to promote the historic Christian faith in accordance with its mission and founding precepts--to comply with state and federal laws prohibiting discrimination in admissions, employment and in its educational programs on the basis of a person's race, color, national and ethnic origin, sex, religion, disability, age, marital or parental status, sexual orientation, genetic information or family medical history, or military status. Sattler College complies with Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and all other applicable civil rights laws and regulations. Sattler is an equal opportunity institution that does not discriminate based on race, color, sex, national origin, age, disability, veteran status, or genetic information. This policy applies to all terms and conditions of employment, admission to and enrollment with the College, including, but not limited to, recruitment, selection, hiring, placement, transfer, promotion, training, compensation, benefits, discipline, termination, educational policies, admission policies, financial aid, scholarship and loan programs, housing and other College-administered programs and activities.

Sattler College will not tolerate, condone or permit discrimination, harassment, and/or retaliation, whether engaged in by employees, students, or third parties who conduct business with Sattler.

Sattler College (“College”) seeks to foster a campus environment that supports its educational mission and is committed to providing a safe learning, living, and working environment for all members of the College community that is free from all forms of discrimination, harassment, sexual misconduct and related violence. The College does not discriminate on the basis of sex or gender and this policy prohibits specific forms of behavior that violate Title IX of the Educational Amendments of 1972 (“Title IX”) and/or all other applicable state and federal laws. The College also complies with all obligations under the Violence Against Women Reauthorization Act of 2013 (“VAWA”) and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”).

This policy also reflects the College’s commitment to educate, counsel, and train all of the members of the College community about the nature of discrimination, harassment, sexual misconduct, relationship violence and stalking, its impact on individuals and the College community as a whole, and the steps necessary to combat it.
The College prohibits discrimination, sexual and relationship violence of any kind, including sexual assault, sexual harassment, gender-based harassment, sexual exploitation, relationship violence, stalking, and retaliation against a person for the good faith reporting of any of these forms of conduct or participation in any investigation or proceeding under this policy. Sexual misconduct, relationship violence and stalking are antithetical to the mission of the College and the values it espouses and will be responded to diligently and accordingly. Creating a safe campus environment and a culture of respect is the shared responsibility of all members of the College community, individually and collectively.

The College strongly encourages any person who believes they have been subjected to prohibited conduct by a College student or employee to seek prompt assistance from the resources provide herein.

These procedures outline how the College will proceed once it is made aware that a person believes they have been subjected to prohibited conduct and provides guidelines for providing prompt assistance to the complainant and conducting the investigation and resolution of complaints of violations of the policy in a prompt, fair, equitable, and thorough manner.

Summary of Process and Procedures

The College provides a variety of confidential and non-confidential support resources, reporting options and complaint procedures to those persons who believe they have been subjected to sexual misconduct, relationship violence and stalking. The College will work closely with those persons to provide referrals to law enforcement and support resources. The College prohibits retaliation and provides appropriate interim measures including changes to academic and co-curricular activities, living, transportation, dining, and employment situations as well as no contact orders. In keeping with its obligations under Title IX, the College is committed to promptly, fairly, and equitably investigating complaints, ensuring the safety of the complainant, and providing remedies and resources. Sanctions (students and student organizations) and discipline (employees) for violations of this policy will be administered after an investigation by the College and a finding that an individual or student organization is responsible for violating the policy. The Director of Title IX Compliance will oversee the initial response and assessment of reports, the investigation and resolution process.

The following describes the options and procedures in place to respond to and address complaints of sexual misconduct, relationship violence and stalking.

To Whom This Policy Applies

This policy applies to admitted students, students who are registered or enrolled for credit or non-credit-bearing coursework, or who are on a leave of absence or suspension (“Students”); College employees, including faculty and staff (“Employees”); Student Organizations, and contractors, vendors, visitors, guests or other third parties (“Third Parties”). This policy pertains to acts of Prohibited Conduct committed by or against Students, Employees, Student Organizations and Third Parties when: the conduct occurs on College grounds or other property owned or controlled by the College;
the conduct occurs in the context of a College employment or education program or activity, including, but not limited to, College sponsored study abroad, research, on-line or internship programs; or off-campus student activities, such as Alternative Spring Break and athletic events; or

the conduct occurs outside the context of a College employment or education program or activity, but has continuing adverse effects on or creates a hostile environment for Students, Employees or Third Parties while on College grounds or other property owned or controlled by the College or while participating in off-campus College events or activities.

Prohibited Conduct under This Policy

Conduct under this policy is prohibited regardless of the sex, sexual orientation and/or gender identity/expression of the complainant. Prohibited conduct includes the following specifically defined forms of behavior.

Sexual Harassment

A form of sex discrimination prohibited by Title IX, is defined as any, whether intentional or unintentional, unwelcome sexual advances, requests for sexual favors, and other visual, verbal or physical conduct of a sexual nature constituting sexual harassment when:

- The submission to or rejection of the conduct is explicitly or implicitly made a term or condition of employment or of evaluation in a course or activity, or is used as a basis for employment decisions or academic evaluations; or
- The conduct has the purpose or effect of limiting or interfering with an individual’s work or academic performance at the College by creating an intimidating, hostile, or humiliating environment. (see 3.5 Hostile Environment).

Since sexual harassment may take many forms, determining what constitutes sexual harassment depends on the specific facts and contexts where the conduct occurs. The following are examples of conduct which may constitute sexual harassment:

- Unwelcome sexual advances – whether they are physical touching or not;
- Sexual epithets or jokes, written or oral references to sexual conduct, or gossip regarding one’s sex life; comment on one’s body, or one’s sexual activity, experiences, or performance;
- Displaying sexually suggestive objects, pictures, writings, etc.;
- Unwelcome leering, whistling, brushing against or touching the body, sexual gestures, or suggestive or insulting comments;
- Persistent and unwanted requests for dates; unwelcome and inappropriate letters, telephone calls, emails, texts, graphics, and other communications or gifts; or
- Sexual violence such as domestic violence, sexual assault, sexual battery, sexual coercion, attempted rape, and rape.
Domestic Violence

Domestic violence is defined as a felony or misdemeanor crime of violence committed
- by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common.
- by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner.
- by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred;
- by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Hostile Environment

A Hostile Environment based on race, color, sex, national origin, age, disability, veteran status, or genetic information exists when the harassment:
- Is sufficiently serious (i.e., severe, pervasive, or persistent) and objectively offensive so as to deny or limit a person’s ability to participate in or benefit from Sattler’s programs or activities; or
- When such conduct has the purpose or effect of unreasonably interfering with an individual’s employment or learning environment at Sattler.

Mere offensiveness is not enough to create a hostile environment. A serious incident, such as a sexual assault, even if isolated, can create a hostile environment. Stalking, domestic violence or dating violence may also rise to the level of creating a hostile environment.

In determining whether harassment has created a hostile environment, consideration will be made as to whether a reasonable person in a similar situation would have perceived the conduct as objectively offensive. Also, the following factors will be considered:
- The degree to which the conduct affected one or more students’ education or individual’s employment;
- The nature, scope, frequency, duration, and location of incident or incidents; and
- The identity, number, and relationships of persons involved.

Sexual Exploitation

Sexual exploitation is any act of taking non-consensual, unjust or abusive sexual advantage of another person for one’s own advantage or benefit or to benefit or advantage anyone other than the person being exploited. Sexual Exploitation includes, but is not limited to:
- Causing or attempting to cause the incapacitation of another person in order to gain a sexual advantage over such person;
- Prostituting another person (i.e., personally gaining money, privilege or power from the sexual activities of another);
• Non-Consensual videotaping, photographing, or audio-recording of sexual activity and/or distribution of these materials via media such as, but not limited to, the Internet;
• Exceeding the boundaries of consent (e.g., allowing another person to observe consensual sex without the knowledge of or consent from all participants);
• Voyeurism (i.e., observing a person who is engaged in a private act, for the purpose of obtaining sexual arousal or sexual gratification, without the consent of the person being observed); and
• Knowingly or recklessly transmitting a sexually transmitted disease (including HIV) to another individual.

Relationship Violence
Dating violence is violence by a person who has been in a romantic or intimate relationship with the victim. Whether there was such relationship will be gauged by its length, type, and frequency of interaction.

Stalking
Stalking is a course of conduct or pattern of words, whether verbal, written or electronic, directed at a specific person that would cause a reasonable person to fear for her, his, or others safety, or to suffer substantial emotional distress. A course of conduct means two or more acts including but not limited to acts in which the alleged stalker directly or indirectly or through third parties by any action or means, follows, monitors, surveils, threatens, or communicates to or about a person or interferes with a person’s property.
Stalking includes, but is not limited to:

• Non-consensual communication that includes: in-person, e-mail, phone, voice message, text messages, social networking postings, instant messages, blogs, pictures on web sites, written letters, gifts, cards or other communication.
• Following, pursuing, waiting, showing up uninvited at a workplace, residence, classroom or other location frequented by victim.
• Surveillance and other types of observation, whether in person or by electronic means.

Massachusetts General Laws Chapter 265, section 43 prohibits stalking in the commonwealth. Stalking is defined as the following behavior:

• Willfully and maliciously engaging in conduct that seriously alarms or annoys a specific person and would cause reasonable person to suffer substantial emotional distress; and
• Making threats with the intent to the place person in fear of death or bodily injury. The threatening conduct may be written or verbal and includes mail, phone calls, email and other internet communications, text messages, and other instant messages.

Retaliation
Retaliation is action taken by an accused individual or an action taken by a third party against any person because that person has opposed any practices forbidden under this policy or because that person has filed a complaint, testified, assisted, or participated in any manner in an
investigation or proceeding under this policy. Retaliation includes intimidating, threatening, coercing, or in any way discriminating against or harassing an individual because of the individual’s complaint or participation. Action is generally deemed retaliatory if it would deter a reasonable person in the same circumstances from opposing practices prohibited by this policy. Sattler will not retaliate against anyone who reports or provides information concerning discrimination, harassment, sexual misconduct, stalking and/or retaliation, nor permit any other employee or student to do so. Retaliation is a serious violation of this policy. Anyone found to have retaliated against another for reporting such violations will be subject to appropriate discipline. Individuals who believe they have been subject to any acts of retaliation or threatened with retaliation, should promptly report it using the procedures outlined in Grievance Procedures.

Report of Sexual Misconduct, Relationship Violence and Stalking

A student who has information about alleged or possible sexual discrimination, sexual harassment, or sexual misconduct involving themselves or another student may report this information to any Sattler College employee. All College employees must, within 24 hours of receiving the information, report information they have about alleged or possible sexual discrimination, sexual harassment, and sexual misconduct involving students to the Title IX Coordinator. Failure of an employee to report an incident or incidents of harassment or discrimination of which they become aware is a violation of College policy and can be subject to disciplinary action for failure to comply.

Confidentiality

Sattler will treat all information submitted in connection with such a grievance as confidential. Subject to FERPA and other applicable privacy laws, however, the Sattler official investigating the grievance will inform individuals with a legitimate need to know of the grievance and may provide them related information as necessary to allow the Sattler official to conduct a meaningful and thorough investigation. The Sattler official investigating the grievance will inform all involved parties of the need to maintain the confidentiality of such information.

In addition, information about complaints and reports, absent personally identifiable information, may be reported to Sattler officials and external entities for statistical and analysis purposes pursuant to federal and state law and College policy.

Complainant Request for Anonymity or Inaction

If a reporting party does not wish for his or her name to be shared, does not wish for an investigation to take place, or does not want a formal resolution to be pursued, the reporting party may make such a request to the Title IX Coordinator, who will evaluate that request in light of the duty to ensure the safety of the campus and comply with federal law. Note that the College’s ability to remedy and respond to a reported incident may be limited if the reporting party does not want the institution to proceed with an investigation.

In cases indicating pattern, predation, threat, weapons and/or violence, the College will likely be
unable to honor a such a request. In cases where the circumstances do allow the College to honor that request, the College will offer interim supports and remedies to the reporting party and the community but will not otherwise pursue formal action. A reporting party has the right, and can expect, to have allegations taken seriously by Sattler when formally reported, and to have those incidents investigated and properly resolved through these procedures.

As required by law, all disclosures to any Sattler employee of an incident of a sexual crime must be reported to the Title IX Coordinator for crime statistics record keeping. In making such a report, all personally identifiable information is kept confidential, but statistical information must be passed along to the Title IX Coordinator regarding the type of incident and its general location (on or off-campus, in the surrounding area, but no addresses are given), for publication in the annual Safety and Security report (i.e., Clery Report). This report helps to provide the community with a clear picture of the extent and nature of campus crime to ensure greater community safety. Local law enforcement agencies and campus security authorities are federally mandated to report crime statistics.

Survivors of a sexual crime should be aware that administrators must also issue timely warnings for incidents reported to them that continue to pose a substantial threat of bodily harm or danger to members of the campus community. Sattler will ensure that a survivor’s name and other identifying information is not disclosed, while still providing enough information for members of the Sattler community to make safety decisions considering the danger.

Reporting to College Safety and Security

Complaints and reports should be made as soon as possible after an incident. The Title IX Coordinator coordinates and tracks all complaints and reports under this procedure.

There is no time limitation on the filing of a complaint; however, if the respondent is no longer subject to the College’s jurisdiction, the ability to investigate and respond may be limited.

There are several avenues available for submitting a complaint or report:

- Send an email to mmiller@sattler.edu;
- Call a Student Life staff member or the Security Liaison at the numbers listed above;
- Mail a letter to the Office of Student Life;
- Visit a Office of Student Life staff member’s office; or
- Report to another trusted College official who will provide information to the Title IX Coordinator.

If there is a complaint about the Title IX Coordinator, or if the Title IX Coordinator has a complaint, that complaint should be filed with Chief Academic Officer (CAO). The CAO will appoint another trained individual to take the place of the Title IX Coordinator for purposes of the complaint. The College’s Chief Academic Officer is Lisa Convington (lcovington@sattler.edu).

Reporting to the College’s Director of Title IX Compliance

The College has designated the Director of Title Compliance as the Title IX Coordinator. A
report of sexual misconduct, relationship violence and stalking can be made directly to the Director of Title IX Compliance. All Responsible Employees must inform the Director of Title IX Compliance if they receive a report, and complete the Sexual Misconduct, Relationship Violence and Stalking Report Form. The College’s Director of Title IX Compliance is Michael Miller (mmiller@sattler.edu).

**Reporting to a Responsible Employee**

A Responsible Employee is any College employee who is not a Confidential Employee. Except with respect to disclosures at public events and certain research-based disclosures, see Section E, a Responsible Employee is required to report to the College’s Director of Title IX Compliance and complete the Sexual Misconduct, Relationship Violence and Stalking Report Form with all information (e.g., the names of the reporting individual, the parties, any witnesses, and any other relevant information, including the date, time and specific location of the alleged incident) disclosed to them about an incident of prohibited conduct. Upon receipt of a report of prohibited conduct, and until any investigation into the report has been completed, the College will provide reasonable protective measures and interim support to provide a safe educational and work environment and to prevent additional prohibited conduct, even when there is no specific request for protective action. To the extent possible, information reported to the Director of Title IX Compliance will be shared only with a limited circle of other College employees who “need to know” in order to assist in the assessment, investigation, and resolution of the reported incident. A student may wish to tell a Responsible Employee what happened but also to maintain confidentiality (i.e., may request that the College not share their identity with the alleged perpetrator(s), that no investigation occur, and/or that no disciplinary action be taken). This “Request for Confidentiality” should be indicated on the Report Form. The College will seek to honor the individual’s Request for Confidentiality to the extent it can do so consistent with its obligation to provide a safe and non-discriminatory learning, living, and working environment for all members of the College community.

Due to the Responsible Employee’s obligation to notify the Director of Title IX Compliance of any reports of prohibited conduct received, when possible, the Responsible Employee should inform the complainant of the employee’s reporting obligations before a complainant reveals any information to a Responsible Employee. If the complainant wants to maintain confidentiality, the Responsible Employee should direct the complainant to confidential resources. If the complainant wants to inform the Responsible Employee of what happened but also maintain confidentiality, the Responsible Employee should inform the complainant that the College will consider the request, but cannot guarantee that the College will be able to honor the request. In reporting the details of the incident to the Director of Title IX Compliance, the Responsible Employee will also inform the Director of Title IX Compliance of the complainant’s request for confidentiality.

When a complainant requests that the College investigate a report of prohibited conduct, to the extent possible, information reported to a Responsible Employee will be shared only with those responsible for handling the College’s response to the Report. Additionally, the Responsible Employee will endeavor to report only information relevant to the current Report. A Responsible Employee should not share information with law enforcement without the reporting party’s consent or unless the reporter has also reported the incident to law enforcement.

**The College’s Response to a Report of Sexual Misconduct, Relationship Violence or Stalking**

Upon receiving a report, the Title IX Coordinator will evaluate the information received and determine what further actions should be taken following the procedures described in 11.0 Grievance Procedures. The Title IX Coordinator will take steps, either directly with the complainant or through a reporting employee, to provide information about the College’s Grievance Procedures, as well as available health and counseling resources and options for criminal reporting.

Violations of this policy will be addressed through the Grievance Procedures, depending upon the totality of the facts and circumstances. If an investigation reveals that a violation has occurred, appropriate responsive action will be implemented.
**Employees:** Responsive action for employees found to have violated this policy may include, for example, a requirement not to repeat or continue the conduct; training; referral to counseling; no-contact orders; and disciplinary actions such as warnings, reprimands, withholding of a promotion or pay increase, reassignment, loss of oversight or supervisory responsibility, temporary suspension without pay, compensation adjustments, or termination. In addition to or in place of the above responsive actions, the College may assign any other sanctions as deemed appropriate.

**Students:** Responsive action for students found to have more likely than not violated this policy may include, for example, a requirement not to repeat or continue the discriminatory, harassing, or retaliatory conduct; training; referral to counseling; no-contact orders; removal from residential housing; removal from leadership positions; loss of privileges; withholding of a student’s diploma for a specified time and/or denial of student participation in commencement activities; revocation of a previously-awarded degree for serious violations committed by a student prior to graduation; and disciplinary actions such as warnings, reprimands, general disciplinary probation, restrictive disciplinary probation, suspension, or dismissal. In addition to or in place of the above responsive actions, the College may assign any other sanctions as deemed appropriate.

In instances where Sattler is unable to act in response to a violation because a complainant insists on confidentiality or for some other reason, Sattler will nonetheless pursue other responsive steps to limit the effects of the conduct at issue and prevent its recurrence. See Absence of a Grievance Complaint below.

In addition to the above, the College may also take appropriate action if it does not find discrimination or harassment that creates a hostile environment or results in a tangible employment or educational action, but

- the College found that the respondent engaged in disruptive behavior or
- to prevent the creation of a hostile environment.

**Interim Measures in All Instances**

The College may institute interim measures to assist or protect the parties and others during the grievance process, as necessary. Such measures for a student complainant may include arranging for changes in class schedules or living arrangements, issuing a no-contact order, obtaining counseling, and modifying test schedules or other class requirements temporarily. For an employee complainant, the College may temporarily reassign or place on administrative leave an employee alleged to have violated the Sattler Discrimination and Harassment Policy. The College may suspend a student or employee pending the completion of resolution process, particularly when in the judgment of the Title IX Coordinator the safety or well-being of any member(s) of the campus community may be jeopardized by the presence on-campus of the responding party whose behavior is in question. In all cases in which an interim suspension is imposed, the student or employee will be given the option to meet with the Title IX Coordinator prior to such suspension being imposed, or as soon thereafter as reasonably possible, to show cause why the suspension should not be implemented. The Title IX Coordinator has sole discretion to implement or stay an interim suspension and to determine its conditions and duration.
During an interim suspension, a student or employee may be denied access to College housing and/or the College campus and events. As determined by the Title IX Coordinator, this restriction can include classes and/or all other College activities or privileges for which the student might otherwise be eligible. At the discretion of the Title IX Coordinator, alternative coursework options may be pursued to ensure as minimal an impact as possible on the responding party.

Additionally, the College may enact any other measure which can be tailored to the involved individuals to achieve the goals of this Policy. Such interim measures may be implemented regardless of whether the victim chooses to report a crime to building security services or local law enforcement.

**Determining the Investigation Approach**

Following the meeting with the complainant, the Title IX Coordinator conducts a preliminary inquiry to determine if there is reasonable cause to believe the policy has been violated. The preliminary inquiry typically takes 1-3 business days. This inquiry may also serve to help the Title IX Coordinator determine whether the allegations show evidence of violence, threat, pattern, predation and/or use of a weapon, if the reporting party has asked for no action to be taken. In any case where violence, threat, pattern, predation, and/or use of a weapon is not evidenced, the Title IX Coordinator may respect a reporting party’s request for no action and will investigate only so far as necessary to determine appropriate remedies. As necessary, Sattler reserves the right to initiate resolution proceedings without a formal report or participation by the reporting party.

In cases where the reporting party wishes to proceed, or the College determines it must proceed, and the preliminary inquiry shows that reasonable cause exists, the Title IX Coordinator will direct that the allegation will be resolved through one of the processes discussed briefly here and in greater detail below:

- Informal Resolution – typically used for less serious offenses and only when both parties agree to informal resolution
- Formal Resolution – resolution by an investigator

The process followed considers the preference of the parties but is ultimately determined at the discretion of the Title IX Coordinator. Informal Resolution may only occur if selected by all parties, otherwise the Formal Resolution process applies.

**Investigation**

In conducting the investigation, the investigator may interview the parties (if available) and any other persons believed to have relevant factual knowledge, as well as review relevant documents as appropriate. The parties will have an equal opportunity to present relevant witnesses and other evidence. Neither party will have the right to directly cross-examine the other; however, the
parties may propose relevant questions to the investigator to ask of the other party. Any evidence the investigators believe is relevant and credible may be considered, including history and pattern evidence. They may exclude irrelevant or immaterial evidence and may choose to disregard evidence lacking in credibility or that is improperly prejudicial. The investigators will not consider incidents not directly related to the possible violation, unless they show a pattern, nor will they meet with or consider character witnesses.

Both parties will receive timely notice of any meetings scheduled with the Title IX Coordinator or Investigator. Both parties will likewise have equal access to any information that will be used during informal or formal resolution processes, including appeals.

At any point during the investigation, if it is determined there is no reasonable cause to believe that the College’s discrimination and harassment policy has been violated, the Title IX Coordinator has authority to terminate the investigation and end resolution proceedings.

The investigation will result in a written Report of Investigation determining whether there is a preponderance of the evidence to believe that the respondent engaged in a policy violation. Preponderance of evidence means that the investigator must be convinced based on the information provided that a policy violation was more likely to have occurred than to not have occurred to find the accused responsible for violating the policy.

The Report of Investigation will detail the following:

1. Findings of Fact. The investigator will determine, using the preponderance of the evidence standard, the facts surrounding the alleged conduct.

2. Findings of Policy Violation. The investigator will apply the discrimination and harassment policy to the facts to determine, using the preponderance of the evidence standard, if the conduct found to have occurred was a violation of the policy.

In making the determination of whether harassment has created a hostile environment, the investigator will consider not only whether the conduct was unwelcoming to the complainant, but also whether a reasonable person in the complainant’s situation would have perceived the conduct as objectively offensive.

The investigator will provide a preliminary draft of the Report of Investigation to the Title IX Coordinator. If the Title IX Coordinator is satisfied that a prompt, thorough and fair investigation has been completed, the Title IX Coordinator will forward only the Findings of Fact to the parties to review. Both parties may, within 3 business days, submit a written response to the Findings of Fact suggesting alterations, amendments or corrections to the Findings of Fact. The Title IX Coordinator will review any submitted responses with the investigator, who may, at his or her discretion, alter or amend the Report of Investigation based on those responses. The investigator will then provide to the Title IX Coordinator the final Report of Investigation within 3 business days.

If the investigator finds by a preponderance of the evidence of a policy violation does not exist, the Title IX Coordinator will simultaneously provide the investigator’s written Report of
Investigation to both the complainant and accused, and the matter is closed. Either party may appeal the finding to the Title IX Coordinator as set forth in Appeals process.

If the investigator finds by a preponderance of the evidence of a policy violation does exist, the investigator’s written Report of Investigation will include a rationale for the result, recommendations for steps to take to prevent recurrence of any such violation, and as appropriate, remedies for the complainant. The Title IX Coordinator will immediately provide the Report of Investigation to one of the following discipline authorities for a determination of appropriate sanctions as follows:

1. If the respondent is a student or employee, the Title IX Coordinator will impose sanctions;
2. If the accused is a third party, the Title IX Coordinator will enact appropriate responsive action as appropriate, which may include removal from the campus(es) and termination of any applicable contractual or other arrangements.
3. If the accused is the president, the matter will be referred to the Chair of the Board of Trustees for imposition of sanctions;

Factors considered when determining a sanction may include: the nature, severity of, and circumstances surrounding the violation; the respondent’s disciplinary history; previous allegations or allegations involving similar conduct; any other information deemed relevant; the need for sanctions to bring an end to the discrimination, harassment and/or retaliation; the need for sanctions to prevent the future recurrence of discrimination, harassment and retaliation; the need to remedy the effects of the discrimination, harassment and/or retaliation on the complainant and the community.

Written Notification of Sanctions, including the rationale thereof, will be provided to the Title IX Coordinator by the respective discipline authority within 5 business days of receiving the investigator’s Report of Investigation. The Title IX Coordinator will provide the Report of Investigation and Notification of Sanctions to the parties simultaneously within 5 business days of the receiving the authority’s decision.

The Report or Investigation and Notification of Sanctions may be delivered by one or more of the following methods: in person (preferred); mailed to the local or permanent address of the parties; or emailed to the parties’ email address on file with Sattler. Once emailed, mailed, and/or received in person, notice will be presumed to have been delivered.

Both parties will be afforded an opportunity to file an appeal of the resolution as set forth below in Appeals process.

Standard of Proof

The standard used in determining the responsibility of the respondent(s) is the “preponderance of the evidence,” standard, which is whether the evidence gathered and information provided during the investigation supports a finding that it is more likely than not that the respondent violated the Policy Regarding Sexual Misconduct, Relationship Violence and Stalking.
Amnesty

A complainant who files a report of Sexual Misconduct, Relationship Violence and Stalking, or a Third Party who reports or is a witness to the misconduct will not be subject to sanctions/disciplinary action by the College for their improper use of alcohol or drugs provided that they are acting in good faith as a complainant, reporter or witness to the events. Students, whether as parties to the proceedings or as witnesses, are expected to provide truthful testimony.

Advisers

Both the complainant and respondent are entitled to bring an adviser of their choosing to guide and accompany them to any meeting or interview in connection with an investigation. The adviser may be a friend, mentor, family member, attorney, or any other supporter a party chooses. The role of the adviser during any meeting or interview is non-participatory. In keeping with the College’s obligation to promptly resolve complaints, the College reserves the right to proceed with any meeting or interview regardless of the availability of the selected adviser.

Withdrawal of a Student Respondent During the Investigation, Review or Appeal

The College does not permit a student to withdraw if the student has an allegation pending for violation of this policy. Should a student decide to leave and/or not participate in the resolution process, the process will nonetheless proceed in the student’s absence to a reasonable resolution and the student will not be permitted to return to College unless all sanctions have been satisfied. The student will not have access to an academic transcript until the allegations have been resolved.

If an employee resigns with unresolved allegations pending, the records of the Title IX Coordinator and the employee’s personnel records will reflect that status. Any College responses to future inquiries regarding employment references for that individual will indicate the former employee is ineligible for rehire.

Sanctions (Students or Student Organizations) and Discipline (Employees)

Warning: A notice, either verbal or written, that the student is violating or has violated College regulations, must cease the conduct immediately, and that continuation or repetition of wrongful conduct may be cause for more severe disciplinary action.

Parental Notification: The College may notify parents/guardians when students under the age of 21 have been found responsible for violating the College’s alcohol or drug policies, or when there is a serious health or safety issue regarding a student.

Loss of Privileges: Denial of specified College and/or Residence Life & Housing or other privileges for a designated period of time, which may include, but is not limited to, denial of access to any campus facility, activity, event, class, or program. This includes, but is not limited to, orders prohibiting the student from having contact with a member of the Sattler College community. This also includes, but is not limited to, loss of privileges in the residence halls,
including, but not limited to, guest privileges, early arrival/late stay status, vacation period housing, or removal from a floor, room, or building. Should residence hall space not be immediately available, relocation may take place at an arranged time.

**Confiscation of Property:** Confiscation of items that the College determines are inappropriate for the College setting.

**Fines:** Financial sanction.

**Restitution:** Compensation for loss, damage, or injury. This may take the form of appropriate service or monetary, or material replacement.

**Campus Service:** Assignment of an appropriate service project that will benefit the College community, responsible student, or others.

**Educational Program or Project:** Required attendance at the student’s expense at an educational workshop or completion of an educational project that will benefit the College community, responsible student, or others.

**Referral:** A student may be referred to Counseling, Health and Wellness, Student Affairs, Center for Learning & Academic Success, or another appropriate office or local agency for consultation, or assessment.

**Unenrollment from a Course and/or Academic Program:** A student may be unenrolled from a course and/or an academic program. In such cases, tuition and fees for the course will not be refunded to the student.

**Order of No Contact:** an order that restricts communication/contact between two or more parties.

**Disciplinary Probation:** A period of time during which a student’s behavior is subject to examination.

**Strict Disciplinary Probation:** A period of time during which a student’s behavior is subject to close examination. In addition, the student may be excluded from participation in some or all social and/or extracurricular activities, including, but not limited to, representing the College, participating in intercollegiate athletics, holding elected or appointed office in the Student Government Association or other student organization, or studying abroad.

**Residence Relocation:** Required reassignment to another residence area.

**Deferred Loss of Housing:** Warning that if the student is found responsible for violating the community standards during a specified period of time, the student may be immediately removed from the residence halls for a specific period of time, after which the student may reapply for housing. The student may not participate in the housing lottery for the following year or be on the housing waitlist while on Deferred Loss of Housing. Reapplication for housing does not
guarantee the student will receive on-campus housing. Conditions for returning to the residence halls may be specified.

**Loss of Future Housing:** The student is prohibited from participating in the returning student housing lottery or from participating in the returning student waitlist until the date specified or indefinitely if no date is specified.

**Residence Hall Suspension:** Separation of the student from the residence halls for a specific period of time, after which the student may reapply for housing. The student may not participate in the housing lottery for the following year or be on the housing waitlist while on Residence Hall suspension. Reapplication for housing does not guarantee the student will receive on-campus housing. Conditions for returning to the residence halls may be specified.

**Residence Hall Dismissal:** Permanent separation of the student from the residence halls.

**Deferred College Suspension:** A warning that if the student is found responsible for violating the community standards during a specific period of time, the student may be immediately suspended from the College for a specific period of time, after which the student may reapply. Conditions for return may be specified.

**College Suspension:** Suspension of the student from the College for a specific period of time, after which the student may apply to return. Conditions for return may be specified.

**Deferred College Dismissal:** Warning that if the student is found responsible for violating the community standards during a specific period of time, the student may be immediately dismissed from the College.

**College Dismissal:** Permanent separation of the student from the College.

**Revocation of Admission or Degree:** Admission to the College or a degree awarded from the College may be revoked for fraud, misrepresentation, or other violation of the community standards in obtaining the degree or for other serious violations committed by a student prior to graduation.

**Withholding Degree:** The College may withhold awarding a degree otherwise earned until the completion of the disciplinary process, including any investigation, set forth in the Student Conduct System, including the completion of all sanctions imposed, if any.

**Student Organization Recognition in Jeopardy:** A warning that if the student organization is found responsible for violating the community standards during a specified period of time, the student organization’s recognition may be revoked immediately.

**Loss of Recognition:** During a specific period of time, a recognized student organization may not associate itself with the College by using the College name, facilities, or other rights and privileges of recognized student organizations, after which the organization may reapply for
recognition. There is no guarantee re-recognition will be granted. If re-recognition is granted, conditions for re-recognition may be specified.

More than one of the sanctions listed above may be imposed for any single violation. Other sanctions may be imposed instead of or in addition to those specified above. This list is provided by way of example only, and it is not intended to be exhaustive.

In addition to the above sanctions, student conduct that warrants action within the Student Conduct System may result in forfeiture of all Sattler scholarships, financial aid, or monies paid.

Appeals

Both parties have the right to file a request for appeal of the findings and/or sanctions. The party wishing to appeal should submit a written request for appeal within 5 business days of receipt of the investigator’s written Report of Investigation. The filing of a request for appeal will not stay any sanctions except in the most unusual circumstances. Within 3 business days, the Title IX Coordinator will determine if a submitted request for appeal adequately pleads one or more of the grounds for appeal set forth below and can move forward, and he will notify the parties of that determination.

If the appeal is not timely or does not adequately plead one of the three grounds set forth in Grounds for Appeal, the original findings and sanction will be affirmed, and the decision is final. Any appeal filed by one party will be shared in writing with the other party. All request-related documents are shared with all parties.

**Grounds for Appeal**

Mere dissatisfaction with the findings and/or sanction is not a ground for appeal. Appeals requests are limited to the following grounds:

A significant procedural error substantially impacted the outcome of the hearing (e.g. substantiated bias, material deviation from established procedures, etc.);

1. New evidence is available that was previously unavailable during the original investigation and that could substantially impact the original finding and/or sanction. A summary of this new evidence and its potential impact must be included;
2. The sanction(s) imposed are substantially disproportionate to the severity of the violation.

**Procedure**

If the Title IX Coordinator determines that the appeal request adequately pleads one or more of the grounds for appeal, the appeals will be decided by the Title IX Coordinator.

Decision based upon the written documentation.

Decision based upon a hearing.
Guidelines for decisions.

The following general guidelines govern the Title IX Coordinator’s consideration and disposition of appeals:

The Title IX Coordinator will generally make the decision based only upon the written appeal and any documents from, or related to, the investigation (such documents include, but are not limited to, the written report of the investigator, written statements by parties, transcripts of interviews, and incident reports). Appeals considered on the basis of documentation will generally be decided and the parties notified of the decision in writing within 5 business days.

In some extraordinary circumstances, Title IX Coordinator may call a hearing of the parties, Title IX Coordinator and the investigator. If the Title IX Coordinator determines that such a hearing is necessary, he will inform the parties and other relevant persons in writing. The hearing will be held as soon as practicable. Appeals considered on the basis of a hearing will generally be decided and the parties notified of the decision in writing within 5 business days after the appellate hearing.

- Appeals decisions are to be deferential to the original decision-maker, making changes to the finding only where there is clear error and to the sanction only if there is a compelling justification to do so. The original finding and sanction are presumed to have been decided reasonably and appropriately, thus the burden is on the appealing party to show clear reasoning for a reversal or sanction adjustment, and the Title IX Coordinator’s review must be limited to the challenges presented.
- Every opportunity to remand of the appeal to the original decision-maker (investigator and/or sanctioning authority) for reconsideration/reinvestigation will be pursued, with clear instructions for reconsideration/reinvestigation only considering the granted appeal grounds.
- Where the original investigator may be unduly biased by a procedural or substantive error, a new investigator will be assigned to reconsider the matter, which can in turn be appealed, once.
- Appeals are not intended to be full re-hearings of the complaint.
- Appeals are not an opportunity for the Title IX Coordinator to substitute a judgment for that of the original decision-maker merely because the Title IX Coordinator disagrees with the finding and/or sanctions.
- On reconsideration, the Title IX Coordinator may affirm or change the findings and/or sanctions of the investigator and/or sanctioning authority according to the permissible grounds. Procedural errors should be corrected, new evidence should be considered, and sanctions should be proportionate to the severity of the violation and the student’s cumulative conduct record.
- All findings of fact and sanctions imposed by the original investigator and sanctioning authority will be implemented during the appellate process. At the discretion of the Title IX Coordinator, implementation of sanctions may be stayed pending review only when there is an overwhelming likelihood, as determined by the Title IX Coordinator, that the appeal would result in a reversal of the finding and/or substantial modification of the sanctions.
Definitions Relevant to the Policy Regarding Sexual Misconduct, Relationship Violence and Stalking

**Affirmative Consent:** Consent which must be informed, voluntary, and active, meaning that, through the demonstration of clear words or actions, a person has indicated permission to engage in mutually agreed-upon sexual activity. Whoever initiates sex has the responsibility to ask for and receive permission. Participants are encouraged to talk to one another before engaging in sexual activity to avoid a misunderstanding. (See Section IV, Affirmative Consent of the Policy for a more thorough discussion).

**Complaint:** A request that the College take action to investigate and resolve an allegation that a student has violated the Policy Regarding Sexual Misconduct, Relationship Violence and Stalking.

**Complainant:** A person who has made a report of prohibited conduct to a Responsible Employee, College Title IX Coordinator, Office of Student Life, or College Security Liaison, and submitted a complaint to the College Title IX Coordinator requesting that the College take action to investigate and resolve an allegation that a student has violated the Policy Regarding Sexual Misconduct, Relationship Violence and Stalking.

**Investigator:** The Investigator is responsible for conducting a prompt Title IX Investigation of a Complaint of Sexual Misconduct, Relationship Violence and Stalking. The Investigator may be a College employee, or may be retained from an outside organization by the College. All Investigators will be trained in investigations pursuant to Title IX requirements.

**Investigation (Title IX):** A prompt and effective inquiry to determine whether or not a violation of the Policy Regarding Sexual Misconduct, Relationship Violence and Stalking has occurred. An Investigation includes but is not limited to interview(s) with the Complainant, Respondent and relevant witnesses. The Investigation will include the gathering of physical, documentary, or other relevant and available evidence, including law enforcement reports.

**Respondent:** A student against whom a Title IX Report or complaint of sexual misconduct, relationship violence and stalking has been made.

**Responsible Employee:** All employees of the College, including faculty, staff, resident assistants and teaching assistants have been identified as Responsible Employees and are required to report all information regarding possible or alleged misconduct to the Title IX Coordinator or designated officials. All employees in Counseling, Health and Wellness and the Interfaith Center are not Responsible Employees.

**Standard of Proof:** In resolving complaints pursuant to the [Title IX] Policy, the College will use a “preponderance of the evidence,” standard, which is whether the evidence gathered and information provided during the investigation supports a finding that it is more likely than not that the respondent violated the Policy Regarding Sexual Misconduct, Relationship Violence and Stalking.
Title IX: Title IX is a comprehensive federal law that prohibits discrimination on the basis of sex in any federally funded education program or activity. On June 23, 1972, the President signed Title IX of the Education Amendments of 1972, 20 U.S.C. Â§1681 et seq., into law. The principal objective of Title IX is to avoid the use of federal money to support sex discrimination in education programs and to provide individual citizens effective protection against those practices.

Title IX Coordinator: The administrator identified by the College to monitor compliance; ensure and coordinate education and training; coordinate the investigation, response, and resolution of all reports under the Policy Regarding Sexual Misconduct, Relationship Violence and Stalking; and ensure appropriate actions to eliminate, prevent its recurrence, and address its effect on persons and the Community as a whole.

Consent

What is Affirmative Consent?

- When it comes to sex, silence is not consent.
- Flirting is not consent.
- Being in a relationship is not consent.
- Consent for one thing is not consent for everything.
- Dressing in sexy clothing is not consent.
- Having had sex before is not consent now.
- Being too drunk or too high to say no is not consent.
- Being passed out is not consent.
- Being afraid to say no is not consent.
- Making out is not consent.
- Going into a bedroom is not consent.
- “Maybe” is not consent.
- “No” is not consent.

Sexual activity without consent is sexual assault. Consent is voluntary, conscious and mutual agreement to engage in sexual activity. Only “Yes” is consent.

Affirmative Consent

Affirmative consent must be informed, voluntary, and active, meaning that, through the demonstration of clear words or actions, a person has indicated permission to engage in mutually agreed-upon sexual activity. Affirmative consent can be withdrawn at any time, and cannot be obtained by force, expressed or implied, or when physical violence, threats, intimidation and/or coercion is used. Affirmative consent to one form of sexual activity does not, by itself, constitute Affirmative consent to another form of sexual activity. Past consent to sexual activity with
another person does not imply ongoing future consent with that person or consent to the same sexual activity with another person.

Silence, absence of protest, or absence of resistance does not imply affirmative consent. Relying solely on non-verbal communication before or during sexual activity can lead to misunderstanding and may result in violation of the Policy on Sexual Misconduct. In order to avoid confusion or ambiguity, participants are encouraged to talk with one another before engaging in sexual activity. If confusion or ambiguity arises during sexual activity, participants are encouraged to stop and clarify a mutual willingness to continue the activity.

Affirmative consent cannot be gained by the taking advantage of the incapacitation of another, where the person initiating sexual activity knew or reasonably should have known that the other was incapacitated. Incapacitation means that a person lacks the ability to make informed, rational judgments about whether to engage in sexual activity.

A person who is incapacitated is unable to give affirmative consent because of mental or physical incapacitation or impairment, which may include sleep, unconsciousness, or lack of awareness that sexual activity is taking place. A person may be incapacitated as a result of the consumption of alcohol or other drugs, or due to a temporary or permanent physical or mental health condition. When evaluating whether someone consented to sexual activity after consuming alcohol or drugs, the College will consider whether a reasonable person would have known about the impact of alcohol and other drugs on the other party’s ability to give consent.

What to Do if You Experience Sexual Misconduct

The College encourages anyone who experiences or learns about an incident of sexual misconduct to file a report immediately so the College can respond accordingly.

What should I do if I have been sexually assaulted?

Experiencing a sexual assault, sexual violence or another type of sexual misconduct can be confusing and frightening. Individuals who experience a sexual assault are encouraged to read through these guidelines about options for what to do after experiencing a sexual assault. The steps identified below are provided as guidelines only.

Get to a safe place.

If the alleged perpetrator is still in the area and/or their presence on campus is threatening, call, call 911 to contact the Boston police department.

Preserve physical evidence.

Because evidence of a sexual assault and the perpetrator’s identity (hair, seminal fluids, bits of skin, etc.) may be left on the victim's/survivor’s body, it is important not to bathe, shower, douche, or even use the toilet if avoidable. If the victim/survivor was assaulted orally, drinking or brushing teeth prior to an exam should be avoided. Victims/survivors should not straighten up the scene of the incident and should take a change of clothes to the hospital. If the victim/survivor must change clothes, put the items that were worn at the time of the attack in a
paper bag (not plastic) and bring them to the hospital. Having physical evidence collected can strengthen a case if the victim/survivor decides to pursue legal action. Also preserve physical evidence such as photographs, videos, text messages and voicemail messages. Seek timely medical attention.

Victims/survivors are encouraged to go for a sexual assault exam as soon as possible because injuries should be treated promptly and evidence deteriorates quickly.

If a victim/survivor is on campus, the Campus Operations Coordinator or Office of Student Life can arrange free taxi transportation to Massachusetts General Hospital. Victims/survivors do not have to inform the college official they are the victim/survivor of a sexual assault. If off campus, call 911 or local law enforcement for assistance with emergency transportation (ambulance) to a hospital. Many hospitals, including Massachusetts General Hospital, employ trained sexual assault nurse examiners (SANE) who will help victims/survivors once they arrive to the hospital. These nurses will support victims/survivors throughout their experience at the hospital and are trained to collect forensic evidence, check for injuries, and provide preventative treatment for pregnancy and exposure to sexually transmitted infections. A victim/survivor may bring a friend or family to the hospital for support.

The Boston Area Rape Crisis Center (BARCC) can provide a free medical advocate to meet victims/survivors and their friends or families in hospital emergency departments. In the immediate aftermath of a sexual assault or rape, victims/survivors face a host of emotional, medical, and legal decisions. BARCC medical advocates are certified rape crisis counselors who provide information and support to the victim/survivor and/or friends or family at the hospital. Advocates provide support throughout the entire forensic exam if the victim/survivor wishes. They can also be helpful with safety planning, arranging transportation, paperwork, and with follow-up plans. Research has shown that victims/survivors who have a rape crisis advocate present at the hospital are more likely to feel positive about the experience of going to the hospital. This is an important start to the healing process. BARCC can be reached at its 24-hour hotline at 800.841.8371.

Most employees are considered Responsible Employees and are required to report the Sexual Misconduct, including the identities of the complainant and the respondent, to the Director of Title IX Compliance.

This reporting is necessary for several reasons, including the need to ensure that persons subject to the sexual assault and/or misconduct receive appropriate information and services, to track incidents and, where appropriate, to take actions to protect the Sattler community.

ON-CAMPUS CONFIDENTIAL REPORTING OPTIONS - STUDENT-ONLY RESOURCES

If you are a student and you want to speak confidentially, you may speak with the professional counselors. Contact information for these resources as well as non-confidential reporting options are listed below.

EDUCATION, PREVENTION AND TRAINING PROGRAMS

Risk Reduction

The following are some strategies to reduce one’s risk of sexual assault or harassment (taken from “Rape, Abuse & Incest National Network, www.rainn.org):

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas. It is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don't know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have taxi cab money.
7. Don't allow yourself to be isolated with someone you don't trust or someone you don't e know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911).
11. Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
12. Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.

14. If you suspect that you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly other tests).

15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:

   a. Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.

   b. Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.

   c. Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.

   d. Lie. If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.
